

Fall/Winter/Spring Swim Lessons

More Swim Lessons!

The Dover Recreation Department has changed their yearly format on when Swim Lessons will be offered. This change will double the amount of lessons that we will be offering in each season. In years past we have always offered just one session of lessons during each of the Fall/Winter/ Spring seasons. With the new format, we will be offering two sessions in each season. We believe by doing this we will see a much greater degree of skill retention and

greater success as children will be more consistently swimming and receiving instruction. Our prices will remain the same as we continue to offer the same high quality lessons that you have come to expect with a lot of the same instructors that you have come to be comfortable with through the years.

Lesson Fees:

Registration Change!

We are also changing our registration process slightly as well! Beginning in the Fall we will be opening our registration for Dover residents on a certain Saturday as we always have. However we will not wait until a week passes before opening registration up for folks from out of town, we will open it the very next day! We have found that most residents who are going to sign up for our program will do so on the very first day to be sure they get the level they want, by opening up all registrations on the same weekend it enables us to spend less time registering and more time swimming!

Program Descriptions

Please see the required skills section below to determine what level your child may be in. Please check with one of the instructors if you have questions regarding which level to sign up for. Our **Infant/Toddler** class ages 6 months up to 3 years. This is a wonderful course that may help your child to become more comfortable around the water. Parents and children go in to the water together and under the direction of an instructor learn simple exercises and skills.

Our **Preschool** program is for children ages 3 up to 5 years old. It is broken down into Beginner Preschool and Advanced Preschool. The main difference between the two levels is that in the beginner class the children work on skills with support (noodle, barbell, instructor, etc.). The advanced preschool class is for children who are performing those skills independently. Please note that the preschool classes are 30 minutes long instead of 40 minutes. Swimmers older than 4 are not allowed in the preschool classes.

Skills Required to Pass

This will help you decide what level to sign up for

- **Level 1-** Fully submerge face, front and back floats, swim on front and back for 5 yards unassisted.
- **Level 2-** Back and front floats for 5 seconds independently, swim using a combined arm and leg action for 5 yards.
- **Level 3-** Swim 15 yards with rotary breathing, kneeling and sitting dives, butterfly kick and body motion, HELP and huddle positions.
- **Level 4-** Front crawl 25 yards, entire butterfly stroke, treading water.
